

# HELP UDS AS A SERVICE DOG VOLUNTEER

*UDS Service Dog volunteers provide homes and support for our puppies in training.*

*your way of living*

**UNITED DISABILITIES SERVICES**

# **UDS SERVICE DOG VOLUNTEER**

UDS Service Dogs provide invaluable life skills assistance and socialization opportunities for people with disabilities.

## **Puppy Homes**

The first journey our puppies take is to live with our puppy home volunteers, who care for and train them until they are approximately 18-months of age. Puppy home volunteers provide patience, time and love to these adorable canines.

## **Puppy Sitters**

Our puppy sitter volunteers provide valuable respite to our Puppy Homes, usually during vacation or other times when the primary family is unavailable to be with their service dog in training.

Both Puppy Homes and Puppy Sitters are required to attend regular puppy training sessions.

Show your puppy love by being a vital part of the development of these amazing dogs.
