Who are we:

We are a social service program that is part of United Disabilities Services. We have been working with high school students with disabilities in many Lancaster County school districts for more than 30 years. We provide transitional support to help with disability adjustment, personal empowerment and future goals. We were originally known as the Hiltop Program. While our funding and classes may have shifted, our goal is still the same... serving today's youth to empower them for a bright future. UDS Transition School is pleased to be partnering with the Office of Vocational Rehabilitation as one of their providers for the Pre-Employment Transition Services Program (PETS).

Services we provide:

Job Shadowing & Work Base Learning
Group Activities / Curriculum based on pre-vocational skills and financial management
