

SERVICE DOG APPLICATION

Applicant's Name _

Date

Part 1

Thank you for requesting a service dog application from UDS Service Dogs Program. The addition of a service dog into a person's life is a big commitment. The benefits, both physical and emotional, are significant. We encourage interested parties to apply for a dog. This in no way commits the applicant to a decision, but instead indicates an interest and allows us to schedule an interview to discuss the specifics of the program and how a dog may fit into and benefit the individual's life.

We will consider placing a full service dogs with a child who is at least 10 years of age. It is felt that younger children do not have the developmental skills necessary to allow for the consistent care and handling that is so vital for the success of a working team.

Since the usual waiting period for placement can be up to 3 years, please do not hesitate to complete the application if your child is currently age 7 or older. It is important that we learn about the applicant, so we ask that the person applying for the dog complete the application. If unable to do so, please complete it using the applicant's own words. In the case of children under the age of 18 we support the assistance of the parents and/or guardian.

There is a \$25 non-refundable processing fee that must be included with the application. Once the application has been reviewed, an initial interview will be scheduled.

UDS Service Dogs Program is an accredited member of Assistance Dogs International. UDS Service Dogs respects the privacy of its applicants and recipients and all information is kept confidential although files may be periodically reviewed by accreditation agencies to ensure UDS Service Dogs Program commitment to the highest standards of excellence in the assistance dog industry.

UDS Service Dogs Program conducts its business and acceptance process in a manner that will not discriminate against anyone on the basis of race, color, religion, gender, national origin, age, the presence of mental or physical disability, sexual preference, life expectancy, or whether the individual is a disabled veteran or veteran of any era. It is UDS Service Dogs Program's policy to treat everyone who comes in contact with our organization with respect and dignity at all times.

At no time will UDS Service Dogs Program require applicants, students, or graduates to participate in fundraising or marketing activities on behalf of our program.
