

Employment Services

The start to a rewarding future

Often the most reliable and motivated employees are overlooked because they have a disability. Employers find that hiring people with disabilities is not only the right thing to do, but it is also smart business. UDS has been finding permanent competitive employment for people with disabilities in Lancaster County for more than 25 years.

We make the road to fulfilling employment easy

From vocational assessment to finding and maintaining a job, UDS employment counselors work one-on-one with individuals through all phases of the employment process. We work with all disabilities and all age ranges. Many people are referred to us by the Office of Vocational Rehabilitation. UDS also partners with private individuals on customized programs.
