

# INVESTMENT OPPORTUNITIES

Transforming lives, one paw at a time.

*Your investment helps raise, train and place highly-skilled Service Dogs with the people and organizations who need them.*

# The Journey

UDS Service Dogs begin their journey as puppies and spend two years training with the support of expert professionals and dedicated volunteers. Each year, we work to raise and train more dogs so they can be matched with individuals with mobility or support needs or placed in facilities, such as schools, where they provide comfort, connection and support to those they serve.

## *Life of a Service Dog in Training*

### **2-4 Months**

Puppies are raised in a volunteer home.

### **4-12 Months**

Puppies continue their training through the Pups in Prison Program at SCI Houtzdale until they are one year old.

### **12-18 Months**

Dogs return to UDS and continue their intermediate training in a volunteer home.

### **18+ Months**

Dogs begin their final phase of professional training at UDS to prepare for placement.

## You Can Change a Life

**Whether you're helping fund an entire litter, supporting a specialized training program or providing essential care and equipment, every investment plays a role in preparing a service dog for their future partner.**

## Where Your Service Dog Investment Goes 🐾🐾

**Every UDS service dog starts as a puppy with a big job ahead. Your sponsorship gives them what they need to get there:**

**Whelping supplies:** A service dog's journey starts on day one. Sponsorship helps provide what newborn puppies and their mothers need, including a whelping box, heat lamps and heating pads, washable bedding, and cleaning and sanitation supplies, calcium supplements, postnatal multivitamins, and tools to keep the litter healthy.

**Veterinary care:** More than \$3,000 per dog during training covers vaccinations, checkups, spay/neuter surgery, orthopedic evaluations, preventive care, and emergency treatment when needed.

**Nutrition and supplies:** High-quality food, enrichment toys, grooming products, and other everyday essentials keep each dog healthy and developing well.

**Training and program support:** Specialized equipment and instruction for dogs, handlers, and clients, all in a safe, structured training environment.

# A Life-Changing Investment

Find your place in the journey from puppy to placement.

## *Independence Partner — \$100,000*

Sponsor a full litter (up to 4 service dogs)
